PAC Band Saw Grinding Wheels 2000

PAC 2000 is the latest in a long line of quality, high performance band saw sharpening wheels developed by Pacific Grinding Wheel Co. Available in two different series, PAC 2000 delivers all the benefits saw filers search for in a grinding wheel. Aggressive cutting, long life and good form holding are just some of the characteristics found in our PAC 2600 and PAC 2900 products.

AGGRESSIVE CUTTING

PAC 2600 series is engineered to provide aggressive cutting action, excellent form holding and extra long life. This specially engineered wheel is designed to outperform the competition on a variety of saw types and gauges with superior removal rates.

EXCELLENT FINISH

PAC 2900 provides exceptional performance and high production rates on stellite tipped and swaged tooth saws. The 2900 series' special formulation provides excellent form holding with an extremely cool cutting action, producing a very sharp saw.

PAC 2600

- Premium Performance
- Aggressive Cutting Action
- Extra Long Life
- Good Form Holding
- Most Popular
